

Jury Meeting AM

January 21, 2023

In Attendance: Katja, Mary, Bryan, Diana (minutes)

Katja started by complimenting the grooming. One note was that on the 5 km., where the track was set, it should be more to the side since there is not a lot of room for skate the way it is set.

There was question about back up for start and finish. Good backup is in place.

Temperatures are being taken. Temperature at 9 am is -13.5 c.
